PROFESSIONAL SUMMARY

Computer Science graduate (BSc, University of Greenwich / MSA University) with hands-on technical skills covering hardware, software, networking, and full-stack development. Experienced in troubleshooting complex systems, supporting end-users, and delivering reliable IT solutions across 12+ production-grade projects. Holds HCIA-Security certification and strong knowledge of Linux, Docker, and network protocols. Eager to leverage technical depth and problem-solving ability in an IT support or help desk role.

CORE IT & TECHNICAL SKILLS

OS & Platforms	Windows 10/11 · Linux (Kali) · macOS basics · Command Line / Bash
Networking	TCP/IP · DNS · DHCP · LAN/WAN · VPN basics · Network Troubleshooting
Hardware Support	Workstation Setup · Peripheral Config · Break/Fix · Component Diagnostics
Security	HCIA-Security V4.0 · JWT Auth · RBAC · Input Validation · Bcrypt · Helmet
Software & Tools	Microsoft Office 365 · Active Directory basics · Docker · Git · Swagger
Databases	MySQL · PostgreSQL · MongoDB · Redis — administration & basic queries
Help Desk Skills	User Onboarding · Ticketing Systems · Remote Support · SLA Awareness · Documentation
Languages	JavaScript · TypeScript · Python · PHP · HTML5 · CSS3 · SQL

RELEVANT TECHNICAL PROJECTS

AI Text Summarizer — Graduation Project (Distinction) | Python · Flask · REST API | 2025–2026

- Built and deployed a Flask REST API backend with full input validation and error handling — relevant to IT backend operations and API support
- Documented the system end-to-end; received Distinction grade for technical quality and documentation standards

Charity Management System | PHP · MySQL · Full Stack | 2023

- Delivered a complete charity management platform with SRS documentation — demonstrated ability to gather requirements, build solutions, and document deliverables in a structured manner

EDUCATION

BSc Computer Science — Third Class Honours | University of Greenwich, London — via MSA University, Egypt Jan 2026

- Dual-award internationally recognised UK degree — full Computer Science curriculum including networking, systems, databases, and software engineering
- Final Year Project: AI Text Summarizer — awarded Distinction for technical depth, NLP implementation, and documentation quality

BSc Computer Science (Bachelor of Computing) | MSA University — 6th of October, Egypt Feb 2026

- Cumulative GPA: 2.25 / 4.0 · Distinction in Final Year Project

CERTIFICATIONS

- HCIA-Security V4.0 — Certificate of Attendance (45 Hours) | Huawei / ICT Talent Bank | Jul 2024
- Introduction to MongoDB | Mahara-Tech (ITI Platform) | Dec 2023

LANGUAGES

Arabic — Native English — Very Good (Professional Working Proficiency)
